

VIVÉ Update – Grab and Go

NYC Aging heard your request to allow Grab and Go to be treated as a congregate meal in VIVÉ. When you enter units for Grab and Go, you will notice the unit entry screen now looks the same as for a congregate meal. You can now record a Grab and Go meal unit for enrolled clients and for anonymous clients.

We always appreciate your feedback and together we're making VIVÉ stronger.

Additional Support

For further information, please visit the [VIVÉ Knowledge Base](#) or contact the [VIVÉ Application Support Center](#) by submitting a ticket through the [Ticketing Module](#) under **Program Tools**.
